ACCESSIBILI TECH

Solutions improving lives

We invite you to:

- Visit the mapping tool
- Watch our videos
- Participate in our forum
- Read our news, and participate in our events

Our mission:

TO DEVELOP A NEXT GENERATION SEARCH ENGINE THAT IDENTIFIES ACCESSIBLE TECHNOLOGIES AND SOLUTIONS

Disseminate information about technologies and solutions for teleworking, eLearning and telecare that are accessible, easy to replicate and transfer to other environments and areas of application.

Do you have a solution to improve accessibility in e-learning, telework or telecare servicesyou would like to include in our Mapping Tool?
